

Graduate Diploma

in Sustainable Management (Level 7) OP7214

To achieve this qualification you need to complete five courses, to a total of 120 Credits. Note that 72397 is worth 40 Credits and spans both Trimester 1 and Trimester 2.

The research course will give you the skills to research issues in your discipline at an advanced level. If you haven't done research before, we recommend you enrol in elective course 73213 in preparation.

Compulsory Section

72397 Environmental Studies Research Paper

Elective Section

Select FOUR courses with at least TWO at Level 7
